

WOMEN'S SERVICES

CONSOLIDATED LABORATORY SERVICES

Women have been identified as the primary decision-maker when it comes to selecting healthcare practitioners and services. Offices providing obstetrical or gynecological services should consider how their selection of a primary laboratory affects their practice. **Consolidated Laboratory Services** is a local full service laboratory dedicated to providing only the highest quality testing and responsiveness to your busy office. Let us show you why we are the laboratory of choice for area physicians.

Convenience

- One laboratory for all your testing needs. Unlike companies offering only pathology testing, **Consolidated Laboratory Services** performs both anatomic pathology, cytopathology, and clinical analysis;
- 9 convenient Patient Service Centers located throughout Jacksonville, Beaches, Orange Park, St. Augustine, and Fernandina;
- Appointments available at all Patient Service Centers - no wait time. Walk-ins always welcome, and average wait time without appointment is less than 15 minutes. Let us give your patient the same prompt courteous attention they will receive from your office;
- All aspects of obstetrical and gynecological laboratory testing available including Triple Screen, Quad Screen, Cystic Fibrosis Screen, Gestational Diabetes Screening, Fetal Fibronectin, and PAP-A;
- Liquid-based PAP using ThinPrep® collection vials, with reflex HPV testing upon request. GC and Chlamydia testing can now be performed from the same ThinPrep vial. Conventional PAP collection kits are also available.
- Friendly and reliable courier service for routine/STAT specimen pick up, and supply delivery;
- Affiliations with most insurance companies including BCBS PPO/PPC, all TRICARE, Medicare, and AvMed. User-friendly insurance listings updated monthly.

Clinical Expertise

- Most experienced and established pathology practice in Jacksonville. Over 75 years combined experience in delivering patient-oriented pathology services;
- Staff of five pathologists hold board certifications in Dermatopathology, Cytopathology, Anatomic Pathology, Clinical Pathology, and Transfusion Medicine;
- Laboratory accredited by the College of American Pathologists (CAP), Joint Commission of Accreditation of Health Care Organizations (JCAHO), American Association for Blood Banks, Agency for Health Care Administration (AHCA), and Clinical Laboratory Improvement Amendments (CLIA).
- Director of Cytology, Ricardo R. Ramos, M.D. board certified in cytopathology and trained at Karolinska Institute in Stockholm, Sweden;
- Experienced cytotechnologists, accredited by the American Board of Clinical Pathologists.

Unparalleled Service

- Cervical biopsies routinely step-sectioned. Biopsy examination and histopathologic reports prepared within 24-48 hours of receiving specimen in the laboratory.
- PAP reports available in 2-4 days. HPV reflex testing available with rapid turnaround time;
- Direct physician-to-physician communication encouraged. Private phone numbers for pathologists provided to physicians to facilitate case discussion, request reviews, or provide additional clinical information;
- Guaranteed same-day response to your call. Local Sales/Service Representatives available to assist with laboratory questions or special requests.
